

Assignment -4

Docker and Kubernetes

Assignment Date	5 November 2022
Student Name	YOGA PRIYA N
Team Leader	PNT2022TMID48940
Maximum Marks	2 Marks

The screenshot shows the Docker Hub page for the repository `uifd/ui-for-docker`. The repository is marked as deprecated, with a note stating: "This repo is deprecated. Development continues at: [portainer/portainer](#)". The page includes a Docker Pull Command section with the command `docker pull uifd/ui-for-docker`.

Below the Docker Hub page, the Docker Playground interface is visible. It shows a terminal window with the following commands and output:

```
# This is a sandbox environment. Using personal credentials #
# is HIGHLY! discouraged. Any consequences of doing so are #
# completely the user's responsibilities. #
# The PWD team. #
